

Garden than here.

We are all very well, with the exception of colds, and very happy over the first letters from Dr. Goddall, with kindest regards  
Very sincerely yours  
Henrietta J. Goddall.

I have stupidly forgotten that it is quite as easy to have St. Nicholas of the Station come directly to us, so I will write to head-quarters to have the address changed -

Saco, Oct. 13 / 1860 -

My dear Dr. Goddall,  
Thanks for your kind note, and the package which is just this morning received - It is rather formidable if I had any idea of reading the contents, myself, but I sent for them more because the Dr. Goddall's Father wanted to see some special papers

and this seemed the  
safest way of getting  
at them. However I do  
not find them in  
this package, and may  
I trouble you when they  
do come to forward  
them to me. They are,  
"any papers or reports  
of papers read at the  
Indianapolis Meeting"  
Mr. Goddard said he  
could not tell me  
just what ones, but would  
like to see any as they  
happen to come along.

I am sorry to trouble  
<sup>you</sup> but fear Mr. Carter,  
the Carrier, might not  
get the right ones if  
I should ask him  
to send them. I am  
going to ask him  
to send me certain  
papers and pamphlets,  
H. Nicholas The Nation  
for instance, and then I  
shall not have to trouble  
you again to send such  
a mass of matter, for  
which there is probably  
more room at the
